DON’T STAY IN TOWN FOR ANY LONGER THAN YOU NEED.

The safest place for people is on country in community, outstations or homelands.

MAKE SURE IF YOU FEEL SICK YOU CALL THE CLINIC.

Remember, coronavirus is really cheeky and it can hide for a while.

Where are you staying?
Make a booking at the hostel, hotel, caravan park or check with family.

School
Remember children need to go to school every day!

Good Hygiene
Wash your hands with soap and water to make sure this dangerous virus stays away forever.

Keep three steps away
(1.5 meters)
We need to keep working together, to keep the older people and the sick people in our communities safe.

Know how to get home safely
If you need help to get home, contact the Return to Country Program in your region.
