- (a) was not, during the 14 days prior to entering the Territory, in an area that is, at the time of the person's entry, a COVID-19 hotspot; and

 - (ii) has a compelling reason justifying the exemption; and
 - (c) practises social distancing measures for the quarantine period; and
 - (d) submits to the COVID-19 testing procedure referred to in direction 23 if required by me; and

- 33A Directions 32 and 33 apply in relation to a person entering the Territory from New Zealand.

- 33B Nothing in these Directions prevents an aircrew member who is required to quarantine under direction 14(a) or (b) from leaving the Territory by aircraft on a prescribed flight, before the member's quarantine period expires, by proceeding directly to the airport for the purposes of the flight and practising social distancing measures until the member leaves the Territory.

- 33C To avoid doubt, direction 33B applies to an aircrew member even if the member has, under Part 3, submitted to a COVID-19 testing procedure

and has not been notified of the results of the test.

Note for Direction 35A

If the result of the test or assessment is negative, the person may leave the place. If the result is positive, the person must comply with my directions related to infected persons.

35B However, if the person is an aircrew member, the person may leave the Territory by aircraft, before the person is notified of the results of the test or assessment, by proceeding directly to the airport for the purposes of the flight and practising social distancing measures until the member leaves the Territory.
