

Proof of vaccination

Sharing your COVID-19 digital certificate with the Territory Check In app

Add your COVID-19 digital certificate to the Territory Check In app by using the Express Plus Medicare App.

How to link your COVID-19 digital certificate

Make sure you have downloaded the latest version of The Territory Check In app.

If you do not have the app download here:

Follow these steps:

1. Open the Express Plus Medicare App and sign in using your myGov PIN, or sign into myGov on your device.
2. Select Proof of Vaccinations.
3. Select View History
4. Select Share with Check In app and then select the Territory Check In app.
5. Accept consent to share your certificate with the Territory Check In app,
6. When warned 'you're about to leave the app and launch your browser' select OK
7. When asked if you want to add this COVID-19 digital certificate to your profile, select Accept.
8. Your certificate is available from the menu of the Territory Check In app.
9. When you check in at a venue by scanning the QR code, you will receive a confirmation that you have checked in and a vaccination status bar will be shown.

Linking other people's COVID-19 vaccine certificates

You can store the COVID-19 digital certificates of other people on your device, so you can also check them in and show proof of their vaccination status when attending certain venues. .

This can be done by the guest following the same steps on the device of the person they would like to share their certificate with.

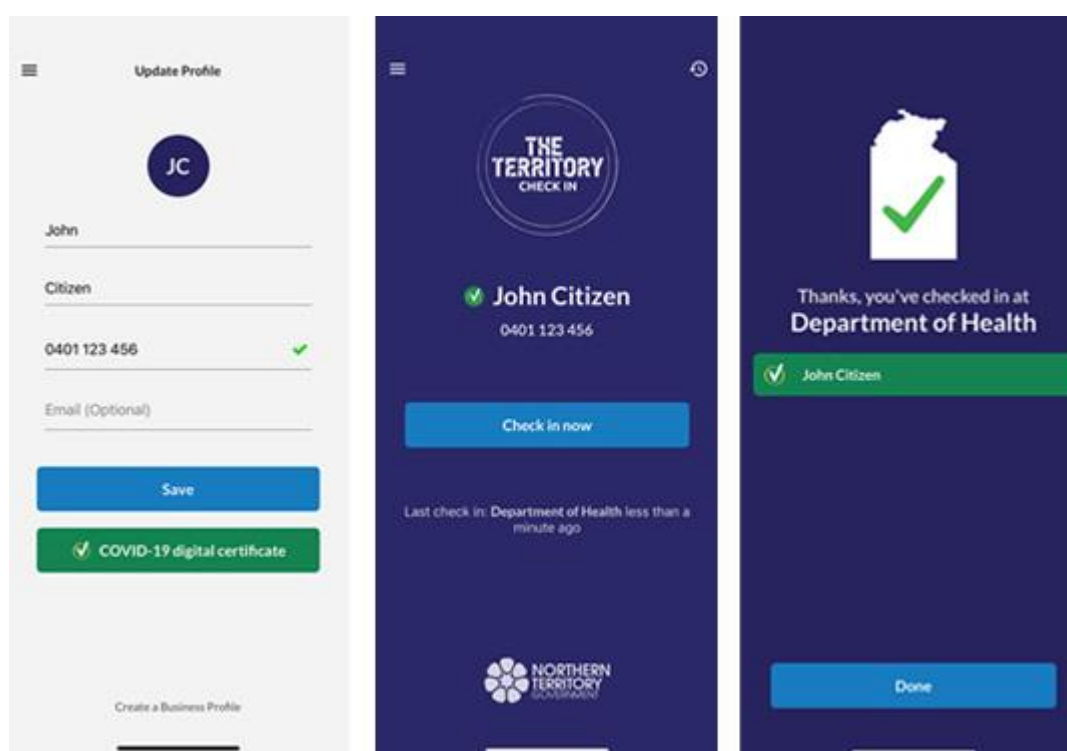

Your guest should sign into myGov or the Express Plus Medicare app on your device, view their certificate, and consent to share it with the Territory Check In app on your device.

For those people under 14 years who are vaccinated, the parent or guardian can do this on their behalf, following the same process to get their own certificate into the app.

Medical contraindication

People who have medical contraindications to the approved COVID-19 vaccines and have an exemption recorded on the Australian Immunisation Register will have this noted on their COVID-19 digital certificate.

When these people link their COVID-19 digital certificate to the Territory Check In app, a vaccination tick status will show next to their name when checking in – it will appear the same as it does for that of a fully vaccinated person.

Accessing your COVID-19 digital certificate

Follow these steps to download your COVID-19 digital certificate and store it in your phone's digital wallet.

For more information, visit coronavirus.nt.gov.au

1. If your Medicare and myGov accounts are not already linked, sign into my.gov.au
2. Link Medicare to your myGov account by selecting link your first service from the home page, or selecting Medicare from the Services menu. You'll need to enter some personal information to prove your identity.
3. Once your Medicare and myGov accounts are linked, download the Express Plus Medicare App onto your phone from the App Store or Google Play.
4. Open the Express Plus Medicare App and sign in.
5. Select Proof of vaccinations from the home page of the app or from the History and statements section.
Select View History, then select View COVID-19 digital certificate or View immunisation history statement.
6. Save your COVID-19 digital certificate to your Apple Wallet or Google Pay.
